

Epson S1000II

Desktop Check Scanner

Next-generation check scanner for remote deposit or back-office capture.

Proven technology — next-generation check scanner for remote deposit capture, based on the technology of the S1000 Series

Simple connectivity — utilizes an easy USB connection

Quick scanning — available in 30- and 60-check-per-minute configurations

Easily identify error checks — two-pocket exit automatically segregates error checks from the rest of the batch

High-quality image capture — image resolution up to 200 dpi, for sharpness and clarity for captured images

Eliminate misread checks — 99.9 percent MICR accuracy helps ensure successful capture of checks

Durable industrial design — delivers optimal efficiency while taking up limited space

Easy franking and endorsement — built-in electronic endorsement and franking features

Comprehensive service and support — dedicated technical resource team available for customized solutions

World-class service and support — industry-leading 2-year limited warranty, with extended service options available
